

Nero is pleased to announce that Nero 9 will be available for end-user purchase from October on. With the launch of Nero 9, the Nero Volume Licensing Program has some new additions that we would like to share with you.

In order to tailor the volume license to the needs of their company, your customers can choose between these license options for Nero 9:

- Nero 9 Standard Volume License
- Nero 9 Premium Volume License

In addition, customers can purchase a software maintenance contract for Premium Volume Licenses now.

Beginning in October, volume licenses of previous Nero versions will no longer be available. Customers with Nero 8 volume licenses can order additional licenses under the previous conditions until December 31, 2008. Customers with Nero 8 volume licenses can also upgrade to the Nero 9 Standard or Premium License.

Nero presents a special offer from October 1, 2008 through December 31, 2008. Customers with volume licenses for Nero 5, 6 or Nero 7 can upgrade to a Nero 9 volume license and enjoy a 25% discount during this period. Afterwards, upgrades for Nero 7 and older versions will no longer be available.
